

VISTA ROYALE COMPUTER CLUB
January 23, 2020

President Mike Johnson opened the meeting of 29 members and guests. His announcements:

only 1 free chair left and we will be giving away a laptop that was donated, probably next week. Vicky cleaned it up and put Win 10 on it.

There are still \$15 tickets left for the fund raiser for the Easter Basket Fund on Sunday, Jan 26th Royale Palm Clubhouse at 2pm..... in honor of Ron Carboni. Sandy McKenny has tickets. There is also a golf component if you wish to play in the morning-sign up at the golf course.

ACT's 3D printing demo was postponed due to an emergency, so we went to plan B and Vicky stepped up to the plate and did her presentation about Windows 10 that was scheduled in a couple of weeks:

Here are her notes and the handout:

As of Jan 07, 2020 you can still update your machine to Windows 10 for free using your valid Windows 7, 8 or 8.1 license key. The process is very time consuming, but not overly difficult, just make sure you have a backup, your product keys and uninstall your antivirus before you try.

<https://www.zdnet.com/article/heres-how-you-can-still-get-a-free-windows-10-upgrade/>

We looked at some Windows 10 new settings for Printers, Mouse and Display settings to make things easier to see.

The handout was here

<http://getzweb.net/vista/print2small.pdf>

We were also reminded that Alt+F4 is a keystroke to close the top most window, although on the clubs Laptop the key combo was Alt+Fn+F4, as is often the case on laptops with white printing on the Fn key.

Thanks, Vicky, for the notes. Next week will be a presentation by our member, Craig Laubenthal, about the radio app, Pandora;and raffle of laptop. See you there.

Sandy McKenny, Sec
