

# VISTA ROYALE COMPUTER CLUB

## Virtual Meeting Minutes

April 14, 2020

Hello everyone. This is the last computer club meeting of the season. I cannot do this in person so I thought this note would suffice. I will follow the same format as if I was presenting this to you live and in person, with a few minor changes. We did end the season with 129 members.

You still have time to send in your nominees for next seasons club officers. The positions are for President, Vice-President, Secretary, and Treasurer. We will vote at our first meeting next season.

Next, we will have a commercial. You have seen this before and hope you still enjoy it:

<https://www.flixxy.com/bear-animal-nature-film.htm>

Over the last season the club was able to purchase some new items: a film scanner for converting your films and slides to digital, a new shredder, a few new chairs, and more books. All of the lab computers are now Windows 10.

You probably do not need any more homework assignments, but try this just for fun. Review all the minutes from this season and click on the links. It is amazing how much information was covered.

Here is one Computer Tip. I know there were at least two people who did not know how to do this and I was one of them: **OpenOffice – Writer – Page Numbering:**

At the top – click on “Insert”

Go down to “Header” and slide cursor to “Default” and click

Make sure cursor is in header

Click on “Insert” go to “Fields” and slide cursor to “Page Number” and click

Highlight the “page number” if you want to center it or move it to the far right and click the appropriate paragraph position.

Follow the same steps if you want the page number at the bottom except replace “Footer” with “Header”.

Let's try another commercial just to keep it interesting:

<https://www.flixxy.com/zeus-and-roxanne-dolphin-and-dog.htm>

Next, I want to thank all the monitors who continue to share their time and expertise in helping all:

|                 |                    |
|-----------------|--------------------|
| Sharyn Ballard  | Priscilla James    |
| Kevin Bandle    | Mike Johnson       |
| Charlie Beck    | Ned Lynch          |
| Yvette Commisso | Sandy McKenny      |
| Nancy Dalley    | Pat Otis           |
| Darryl Daniels  | Mary Pearson       |
| Alison Findlay  | Don Polifka        |
| Steve Getz      | Barbara St Jacques |
| Vicky Getz      | Mary Thieman       |

I also want to thank the other volunteers, helpers, and presenters.

Carolyn, thank you for helping and assisting our members and guests prior to the weekly meetings. Being the HVAC and lighting coordinator is also very helpful.

Darryl, thank you for being a monitor and also in assisting in getting speakers for our meetings.

Steve, thank you being our webmaster. The club has the best web site thanks to your great ideas with your committee of one. You are always a great presenter and "volunteer".

Mary, as the Treasurer, thank you for keeping us fiscally sound and always audit ready.

Ned, thank you for "volunteering" to be the Vice-President. Your presentations and willingness to assist in scheduling meetings is greatly appreciated.

Vicky, thank you being the Director of Education, Lab Coordinator, presenter, instructor, monitor, and an expert in all fields, just to name a few of your attributes. The club is extremely fortunate to have an individual like yourself who is willing and very able to assist in all phases of the computer club.

Sandy, there will never be a Secretary like you who takes such accurate and complete computer club meeting minutes. You are a genealogy expert, coordinator of all club meeting, instructor, monitor, presenter, and an expert in all fields. You are also lucky enough to be our interface to the office, which is always a challenge. It has been 18 years since you founded the computer club and you have watched it grow into this very successful club. We cannot thank you enough for everything you have done and continue to do.

Just one final commercial for your entertainment (this is not NY LaGuardia Airport):

<https://www.flixxy.com/mamma-mia-flash-mob-at-warsaw-airport.htm>

Thank you for allowing me to be your president. Have a healthy and safe summer. Be careful out there. I will see you in the fall.

Mike

---

---

from Sandy: Sorry we were unable to continue with the tips and updates after we closed due to the virus. Gmail restricted us to less than 50 emails per 24-hour timeframe. Apparently, Vicky had the same problem.

I will try and send this from 3 different accounts that I have access to. Those of you who still have Lab keys, either drop them off to me at 32/202 or keep them for next season. Mike & I closed and packed all the Lab equipment this morning after gaining special permission from the Association. Thus, we can head into hurricane season well protected.

Don't forget to use the resources of our [www.vrcc.info](http://www.vrcc.info) website. See you all in the fall or winter; stay safe and healthy. Regards, Sandy McKenny
