

VRCC Minutes & information for Thursday, Feb 2, 2017

Hi Members.

President Mike Johnson welcomed 40 members and guests. Our current paid membership is appx 189 and we are now using just the 2017 membership list for newsletters. See the Vero Beach Computer Group schedule for meetings and classes at bottom of this newsletter if you want or need some in-depth training at a local facility. We notify everyone of our own classes and offerings which have to be sign-up for in the Lab. Check the calendar on our website www.vrcc.info for our own club hours.

AT&T is setting up the rest of our complex as fast as they can for TV. Use the fill-in form that Vicky provided a couple of weeks ago to help you in that endeavor.

Mirja Heide of www.Refreshfotos.com once again shared her expertise in all things 'Apple' and provided a handout "10 more iPhone & iPad Tips" for our members. She explained the tips as she demonstrated them on the screen; members followed along on their own devices. It is a very effective way of teaching features and great apps to a group of people. One of the things not on the handouts is the fact that the 'Snapseed', a digital darkroom app, is also available for android devices. She suggested that you wait a couple of weeks after notification to update your devices to make sure all the bugs are out of the update. She also recommended that you 'google' any question you have about your device making sure to include the manufacturer & model as different models and operating systems give different results.

Next week, Feb 9nd, we will have Marie Conforti, a Board Certified Elder Care Attorney here in Indian River County. She will be giving us all the latest information in Estate Planning and Elder Care Issues. She has visited us before and is a dynamic speaker with lots of timely information regarding how to handle your estate and financial problems. Bring a friend, everyone needs to hear her. For future programs check out our calendar on www.vrcc.info.

Once again Vicky has been very busy. She has three Youtube tutorials created to help us navigate some of the roadblocks we are experiencing in the club or in Vista Royale. Take a look at them:

Save As for your Ancestry.com discoveries: Published Jan 13, 2017 Downloading with 'Save As' to give meaningful names to your genealogy discoveries.
<https://www.youtube.com/watch?v=uBmsXA0vuzo&feature=youtu.be>

Foreign Languages on the Internet: Published Jan 18, 2017 This video gives seniors tips on how to deal with foreign languages on the internet. It shows how to translate subtitles in a Youtube video, how to change languages in Google Chrome, and how to use Google Translate.
<https://www.youtube.com/watch?v=i5TBZPK1kOU&feature=youtu.be#t=271.5057677>

AT&T U-verse Local Weather Published Jan 24, 2017 How to Access and Setup the AT&T U-verse Local Weather App on your new AT&T TV remote control.
<https://www.youtube.com/watch?v=sutGpLLqOAw>

Safe computing and beware of scams on the computer, email, and phoneeven at your door.

Sandy McKenny, sec

Vista Royale Computer Club

Pine Arbor Clubhouse

Vero Beach, FL 32962
