Leah Jackson and Brittany Wendall from Wells Fargo gave us a comprehensive overview of things to do and many more not to do in regard to your finances, credit/debit cards, internet & phone scams. The bank has had a great influx of patrons with identity problems in the past few months and were anxious to share their tips and insight with us. They recommend using a credit card over a debit card, staying away from PayPal and always checking your online banking regularly. You are also entitled to get a annual free credit report and please be careful what you do on Social Media. They had a great handout and if you did not attend to get one, the same information is found in their 'Fraud Information Center on their webpage: www.Wellsfargo.com. All of it is click-able to dig deeper for the tips.

Next week, February 11, our program is still 'To Be Announced' as we had a speaker who had to cancel and we are waiting to hear from a replacement. Our programs are ALWAYS at 9:30 on Thursday morning. For your personal calendar ...watch for the future programs that include: new digital hearing aids, long term care, Facebook, senior travel, computer security and Florida residency. Let us know if you have a subject you would like covered and we will attempt to find a speaker or demo it ourselves if we can.
